02-516 Warszawa

Your Excellency,

On the occasion of the National Day of Naadam, Excellency, please accept cordial greetings to the Mongolian Authority and Society from the Izba Przemysłowo-Handlowa Polska-Azja (Polish-Asian Chamber of Commerce and Industry) and its member companies.

For years, there has been a lot of friendship, sympathy and kindness between Poland and Mongolia in relations not only state and diplomatic. For many Polish companies, Mongolia is a very interesting Partner and an interesting market. Even during the difficulties of COVID-19, we have a lot of questions about your products and needs.

The Chamber has been inspiring and helping in economic relations between Poland and the EU with Asian countries for over 5 years. With our Partners, as part of the Poland-Asia Center Project in GD Poland, we have created new opportunities for promotion, exhibitions and sales of Asian products in Poland and the EU, as well as support for companies and business. We would like to invite Excellency to familiarize yourself with these new opportunities.

We wish you much success in bringing our states and nations closer together!

Sincerely,

Janusz Piechociński

Chairman of Izba Przemysłowo-Handlowa Polska-Azja

Deputy Prime Minister and Minister of Economy of Poland between 2012-2015
